The best thing about coming out is, it's totally liberating. You feel like you've made this incredible discovery about yourself and you want to share it and be open and honest and not spend all your time wondering how is this person going to react, or should I be careful around this person, or what will the neighbors say? And it's more. It's about getting past the question of what's wrong with me, to knowing there's nothing wrong, that you were born this way. You're a normal person and a beautiful person and you should be proud of who you are. You deserve to live with dignity and show people your pride.  
--Julie Anne Peters

### **Prairie UU Society Bond of Union**

*We, the members of Prairie, wish to associate ourselves together in a religious community which affirms that we share a common humanity, that we need one another, and that our futures are inescapably bound together. Together we would expand our intellectual horizons, enrich our sensory experiences, and deepen our emotional sensitivities. We would sharpen our ethical awareness and broaden our sense of social responsibility. We would stand tall in our quest for integrity of life, yet not at others' expense. As the prairie stretches out until it becomes one with the sky, let us reach out to touch and be one with the natural world, and with one another.*
