## "God Speaks to Me in Bookstores, or How I Learned to Love the Carbon Tax," presented by Madeleine Para.

January 13, 2013

### Today's Order of Service

**Prelude:** Performed by Gil and Lynn Pawelski.

**Greeting and Announcements** – Penny Eiler

**Opening Words and Chalice Lighting:**

Until one is committed, there is hesitancy, the chance to draw back, always ineffectiveness. Concerning all acts of initiative (and creation), there is one elementary truth the ignorance of which kills countless ideas and splendid plans: that the moment one definitely commits oneself, then providence moves too. A whole stream of events issues from the decision, raising in one's favor all manner of unforeseen incidents, meetings, and material assistance, which no man could have dreamt would have come his way. I learned a deep respect for one of Goethe's couplets:

Whatever you can do or dream you can, begin it.

Boldness has genius, power and magic in it!

– W.H. Murray in the Scottish Himalaya Expedition.

**\*Hymn #21 (SLT):** "For the Beauty of the Earth," accompanied Mary Frantz.

**Silent Meditation**

**Story for All Ages**

**Singing the Children Out:** "Farewell Good Friends"

**\*\*Joys and Concerns**

**\*\*Introduction of Guests and Visitors**

**Presentation:** "God Speaks to Me in Bookstores, or How I Learned to Love the Carbon Tax," presented by Madeleine Para.

**Discussion**

**Offering and Offertory:** Performed by Gil and Lynn Pawelski.

**\*Hymn #108 (SLT):** "My Life Flows On in Endless Song," accompanied Mary Frantz.

**Closing Words:**

What do I know, a reticent Midwestern scientist, that would cause me to get arrested protesting in front of the White House? And what would you do if you knew what I know?

– James Hansen, TED presentation in 2012

**Greet Your Neighbor**

\*please stand as you are able.

\*\*please wait for the microphone before speaking; this allows those using the assistive listening devices to hear.

### Announcements

**Green Note** Close the recycling loop. Many articles of clothing, such as jackets, scarves, gloves, and boots, are now made from recycled materials. Most fleece products are made from recycled plastic soda bottles, and certain clothing and shoe manufacturers use recycled cotton scraps and rubber tires to make their products.

### **Prairie UU Society Bond of Union**

We, the members of Prairie, wish to associate ourselves together in a religious community which affirms that we share a common humanity, that we need one another, and that our futures are inescapably bound together. Together we would expand our intellectual horizons, enrich our sensory experiences, and deepen our emotional sensitivities. We would sharpen our ethical awareness and broaden our sense of social responsibility. We would stand tall in our quest for integrity of life, yet not at others' expense. As the prairie stretches out until it becomes one with the sky, let us reach out to touch and be one with the natural world, and with one another.
