**Green Note** From the Union of Concerned Scientists' website comes this tip about summer travel: "Know when car travel makes sense. Compared with air travel, fuel-efficient cars are often a much greener way for families to travel; even a typical midsize SUV beats air travel for a family of four, according to UCS research. However, solo travelers and couples traveling more than 500 miles should fly (nonstop coach) rather than drive. In most travel situations, the best low-carbon travel option is actually the bus."

**Women of Wonder (WOW)** is for all women affiliated with Prairie UU Society: members, friends and visitors alike. We have brunch on the first Saturday of the month at the meeting house, beginning at 9 a.m. We'll meet this coming Saturday, June 1. Please bring a breakfast / brunch dish to pass. You don't even have to make something; you can bring fruit, supermarket pastries, whatever works for you. The more the merrier - all women are welcome.

**The Prairie Book Club** will meet today after the service to discuss "There Was a Country: A Personal History of Biafra" by Chenua Achabe, a memoir about coming of age in this fragile new nation. Although it isn't out in paperback, there are many copies in the Dane County Library System, and it can be purchased from Amazon for as little as \$13.97. Suggested by Gary Gates.

**Prairie Men's Group** will meet next Sunday at 5:30. Please bring a dish to pass if you can.

**Prairie Elders** will meet Tuesday, May 28, at 1:30-3:20, Nakoma Room, Heritage Oaks building, Oakwood Village West. This month the Elders will meet to think and speak about their parents. If convenient, bring a beverage cup and a few snacks. Newcomers welcome.

### **Prairie UU Society Bond of Union**

*We, the members of Prairie, wish to associate ourselves together in a religious community which affirms that we share a common humanity, that we need one another, and that our futures are inescapably bound together. Together we would expand our intellectual horizons, enrich our sensory experiences, and deepen our emotional sensitivities. We would sharpen our ethical awareness and broaden our sense of social responsibility. We would stand tall in our quest for integrity of life, yet not at others' expense. As the prairie stretches out until it becomes one with the sky, let us reach out to touch and be one with the natural world, and with one another.*
