A truly American song: Huron Carol

Mary Mullen, guitar and harmonica

"Liberty Bell" (To tune of 'Jingle Bells')

Haul them off to jail!
The new "American Way"!
Not through the courts they'll go!
No habeas corpus stay!

Their future won't look bright!
They'll spend more than one night!
Their crime? Just being "foreign"...
Perhaps not being white!

Chorus:

Ohhh...

Liberty Bell shot to hell
Freedom doesn't ring!
We've come to shout a warning note
Before we cannot sing!

(Help!! Help!!)

Liberty Bell shot to hell!
Freedom doesn't ring!
Our freedoms are in danger!
And who made George Bush king!?

2.) According to reports,
You're tried in secret courts
Protections thrown away,
In jail your ass will stay!

They'll come and get you yet,
You "national security" threat
For coming to this country!
"A crime," you say?
You bet!!

(Chorus)

"We three thugs..." (To tune of "We Three Kings...")

1.) We three thugs a tribunal are:
No law school, no license, no Bar.
All in secret, none dare speak it:
If you protest, a traitor you are!

Oooooohhhh

Constitution! Bill of Rights!
Vanish in the inky night.
They surveil us, rights will fail us
As Freedom passes from the light.

2.) All in the name of liberty,
Mine, not yours,
You'll remain unfree
Laws were broken,
You're the token
That's how its got to be.

Oooooohhh, Ohhh....

Constitution! Bill of Rights!
Replace them both
With soldier's might
Laws impede them
We don't need them
In a land where might makes right.
