Let it glow in your work and your play.

Let it guide you on your way.

Share the shade and share the light
With every friend, foe, neighbor, stranger

Gathering in Retreat - Bethel Horizons

Prelude

Opening Words - Prairie Bond of Union

(Responsively)

We, the members of Prairie, wish to associate ourselves together
In a religious community,

We affirm that we share a common humanity,

We need one another,

Our futures are inescapably bound together..

Together we will expand our intellectual horizons,

Enrich our sensory experiences,

Deepen our emotional sensitivities,

We will sharpen our ethical awareness

Broaden our sense of social responsibility,

We will stand tall in our quest for integrity of life,

yet not at others' expense.

[All together]

As the prairie stretches out until it becomes one with the sky let us
reach out to touch and be one with the natural world, and with one
another.
