### **Chalice Lighting:**

We stand at a critical moment in Earth's history, a time when humanity must choose its future. As the world becomes increasingly interdependent and fragile, the future at once holds great peril and great promise. To move forward we must recognize that in the midst of a magnificent diversity of cultures and life forms we are one human family and one Earth community with a common destiny. We must join together to bring forth a sustainable global society founded on respect for nature, universal human rights, economic justice, and a culture of peace. Towards this end, it is imperative that we, the peoples of Earth, declare our responsibility to one another, to the greater community of life, and to future generations.

### **Prairie UU Society Bond of Union**

*We, the members of Prairie, wish to associate ourselves together in a religious community which affirms that we share a common humanity, that we need one another, and that our futures are inescapably bound together. Together we would expand our intellectual horizons, enrich our sensory experiences, and deepen our emotional sensitivities. We would sharpen our ethical awareness and broaden our sense of social responsibility. We would stand tall in our quest for integrity of life, yet not at others' expense. As the prairie stretches out until it becomes one with the sky, let us reach out to touch and be one with the natural world, and with one another.*
