Green Note: Did you know the HVAC air filter needs to be changed on a monthly basis? When the filter is dirty, it impedes air flow, making your system work harder than it needs to. Replacing the filter helps you save money each month and may extend the life of your system as well. At the very least, make sure to put in a new air filter every three months if you can't get to it on a monthly basis.

The next Spanish Speakers Potluck will be held on Monday, July 28, at 6:30 pm at the home of Amy Schulz, 2304 S. Seyene Rd. All levels of Spanish speakers are welcome, including beginners! Prairie UU Society Bond of Union

We, the members of Prairie, wish to associate ourselves together in a religious community which affirms that we share a common humanity, that we need one another, and that our futures are inescapably bound together. Together we would expand our intellectual horizons, enrich our sensory experiences, and deepen our emotional sensitivities. We would sharpen our ethical awareness and broaden our sense of social responsibility. We would stand tall in our quest for integrity of life, yet not at others' expense. As the prairie stretches out until it becomes one with the sky, let us reach out to touch and be one with the natural world, and with one another.
