Chalice Lighting: *This Time of Uncertainty* by Rev. Amy Williams Clark

We gather in this time of uncertainty, full of unknowns, as angst closes in upon us.

We light this chalice with a flame that draws us together.

With this flame, we cut through the dankness of isolation and are warmed by the fires of our interconnection.

For this moment, this radical moment, we find a certainty within the knowable bonds of love and community.

Discussion

Closing Words: by New City Initiative, Portland, Ore.

"People don't become homeless when they run out of money, at least not right away. They become homeless when they run out of relationships. And this means that the solution to homelessness necessarily involves a reestablishment of relationships and community."

Closing Song: [Bright Morning Star](#) led by Mark David

Virtual Coffee Hour

Prairie UU Society Bond of Union

We, the members of Prairie, wish to associate ourselves together in a religious community which affirms that we share a common humanity, that we need one another, and that our futures are inescapably bound together. Together we would expand our intellectual horizons, enrich our sensory experiences, and deepen our emotional sensitivities. We would sharpen our ethical awareness and broaden our sense of social responsibility. We would stand tall in our quest for integrity of life, yet not at others' expense. As the prairie stretches out until it becomes one with the sky, let us reach out to touch and be one with the natural world, and with one another.
